DESCRIPTION

This vitamin, mineral and amino acid, packed conditioner is part of our "Nature" product line...formulated for today's educated consumers utilizing natural ingredients... and is natural, yet effective at smoothing the hair, increasing volume and lustre and enhancing natural shine while also increasing cellular energy and soothing the scalp, resulting in hair that is touch-ably soft. Thanks to the cuticle smoothing effect of the proteins, and panthenol, it also offers great detangling, and a light hold due to the NatureSilk. Perfectly suited for sensitive scalp conditions where it will help to improve irritation.

Formulated to address the issues of fragile, easily tangled, dull, damaged and lifeless hair, with the best that nature has to offer.
