

1 - Identification

Product name	Jojoba Oil, Golden
Product number	
Brand	
Substance name	Waxes and Waxy substances, jojoba
CAS no.	61789-91-1
Recommended use of the chemical and	Aromatic and cosmetic applications
Address	Ingredients To Die For, 155 Blue Dr, Searcy, AR 72143
Phone	512-535-2711
Emergency Contact Chemtrec Emergency H	800-424-9300 (US and Canada)

2 - Hazard(s) Identification

Classification of the substance or mixture	
GHS classification in accordance with: (US)	Not a hazardous substance or mixture
OSHA (29 CFR 1910.1200)	
GHS label elements, including	Not a hazardous substance or mixture
Other hazards which do not result in classification	Not a hazardous substance or mixture

3 - Composition/Information on Ingredients

Substance name	Waxes and Waxy substances, jojoba
CAS no.	61789-91-1
Other names / synonyms	Waxes and Waxy substances, jojoba; Simmondsia chinensis seed oil; Waxes and Waxy substances, jojoba; Jojoba Golden; Jojoba Oil; Lipovol J; DW Jojoba Golden

Hazardous components	
1. Waxes and Waxy substances, jojoba/Jojoba Oil	
Concentration	100 % (weight)
CAS no.	61789-91-1

4 - First-Aid Measures

Description of necessary first-aid measures

General advice

Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice. Show the label or this safety data sheet when possible.

If inhaled

Remove victim from area of exposure - avoid becoming a casualty. Remove contaminated clothing and loosen remaining clothing. Allow patient to assume most comfortable position and keep warm. Keep at rest until fully recovered. Seek medical advice if effects persist.

In case of skin contact

Remove contaminated clothing. Drench affected area with water or at least 15 minutes. Get medical attention if symptoms occur.

in case of eye contact

Hold eyelids apart and flush the eye continuously with running water. Continue flushing until advised to stop by a Poison Information Center or a doctor, or for at least 15 minutes.

If swallowed

Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

Indication of immediate medical attention and special treatment needed, if necessary

Treat symptomatically

5 - Fire-Fighting Measures

Suitable extinguishing media

Carbon dioxide, dry chemical, or foam

Specific hazards arising from the chemical

Upon combustion may produce oxides of carbon, smoke, and fumes. Fumes may be toxic.

Special protective actions for fire-fighters

Fire fighters to wear self-contained breathing apparatus and suitable protective clothing if risk of exposure to vapor or products of combustion. Keep containers cool with water spray.

Further information

Determine the need to evacuate or isolate the area according to your local emergency plan.

6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures	Slippery when spilt. Avoid accidents, clean up immediately. Wear protective equipment to prevent skin and eye contact and breathing in vapors. Eliminate all ignition sources. Work up wind or increase ventilation.
Environmental precautions	Prevent entry to sewers and public waterways. Notify authorities should liquid enter sewers or public water sources.
Methods and materials for containment and cleaning up	Contain and collect with inert absorbent materials. Place in approved, suitable container for disposal. Comply with all federal, state, and local regulations. Wipe small spills with a cloth. Clean area with water and detergent.
Reference to other sections	For exposure controls and personal protection see section 8. For disposal see section 13.

7 - Handling and Storage

Precautions for safe handling	Avoid skin and eye contact and breathing in vapor, mists and aerosols. Avoid repeated or prolonged skin contact. Handle in accordance with good industrial hygiene and safety procedures. Wash hands and other exposed areas with mild soap and water before eating, drinking, or smoking and again when leaving work. Do not eat, drink or smoke when using this product.
Conditions for safe storage, including any incompatibilities	Store in a cool, dry, well-ventilated place and out of direct sunlight. Store below 30 C. Store away from sources of heat or ignition. Store away from incompatible materials described in Section 10. Keep containers closed when not in use - check regularly for leaks.

8 - Exposure Controls/Personal Protection

Appropriate engineering controls	Use in well-ventilated areas. If inhalation risk exists: Use with local exhaust ventilation or while wearing self contained breathing apparatus if needed. Keep containers closed when not in use. An eyewash fountain and/or safety should be available in the work area.
Individual protection measures, such as personal protective equipment (PPE)	
Eye/face protection	Not normally needed. Wear chemical goggles or safety glasses if splash hazard exists.
Skin protection	Not usually needed. Wear protective gloves.
Body protection	The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.
Respiratory protection	Respiratory protection is not required in normal conditions. Wear Self Contained Breathing Apparatus if needed.
Thermal hazards	Use at elevated temperatures may require additional precautions.
Environmental exposure controls	Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.

9 - Physical and Chemical Properties

Information on basic physical and chemical properties

Appearance/form (physical state, color, etc.)	Liquid; golden to brownish yellow liquid wax
Odor	Characteristic neutral odor; Nearly odorless
Odor threshold	No data available
pH	No data available
Melting point/freezing point	10 C - 15 C
Initial boiling point and boiling range	398 C
Flash point	>296 C
Evaporation rate	No data available
Flammability (solid, gas)	No data available
Upper/lower flammability limits	No data available
Upper/lower explosive limits	No data available
Vapor pressure	No data available
Vapor density	No data available
Relative density	No data available
Solubility(ies)	Insoluble in water
Partition coefficient: n-octanol/water	No data available
Auto-ignition temperature	No data available
Decomposition temperature	No data available
Viscosity	No data available
Explosive properties	No data available
Oxidizing properties	No data available

10 - Stability and Reactivity

Reactivity	None under normal use conditions
Chemical stability	Stable under recommended storage conditions.
Possibility of hazardous reactions	None under normal use conditions
Conditions to avoid	Avoid exposure to heat, sources of ignition and open flame.
Incompatible materials	None known
Hazardous decomposition products	On combustion may produce smoke, carbon monoxide, and carbon dioxide.

11 - Toxicological Information

Information on toxicological effects

Acute toxicity

No adverse health effects expected if the product is handled in accordance with this Safety Data Sheet and the product label. Symptoms or effects may arise if the product is mishandled.

Skin corrosion/irritation

Dermal LD50: 103,799 mL/kg (1)

Repeated or prolonged skin contact may lead to irritation. May cause allergic skin reaction in susceptible individuals.

Serious eye damage/irritation

May cause slight eye irritation

Respiratory or skin sensitization

Breathing in vapor, mists or aerosols may produce respiratory irritation. May cause respiratory sensitization in sensitive individuals.

Germ cell mutagenicity

No mutagenic effects

Carcinogenicity

No component of this product at levels greater than 0.1% is identified as carcinogenic by IARC, NTP, ACGIH, or OSHA.

Reproductive toxicity

No toxicity to reproduction

STOT-single exposure

No data available

STOT-repeated exposure

No data available

Aspiration hazard

May cause respiratory sensitization in sensitive individuals.

12 - Ecological Information

Toxicity

No data available on product. Avoid any pollution of ground, surface, or underground water.

Persistence and degradability

No data available on product

Bioaccumulative potential

No data available on product

Mobility in soil

No data available

Results of PBT and vPvB assessment

This product does not contain any substances classified as PBT or vPvB.

Other adverse effects

Avoid release to the environment

13 - Disposal Considerations

Disposal of the product	Disposal must be in accordance with all applicable federal, state, and local regulations.
Disposal of contaminated packaging	Dispose of as unused product
Waste treatment	Waste packaging should be recycled or reused whenever possible. If recycling is not feasible, contaminated packaging should be disposed of in accordance with all local, state, and federal regulations. Regulations vary by region.
Sewage disposal	Avoid release into sewers or other public waterways
Other disposal recommendations	Waste is suitable for incineration by an approved agent.

14 - Transport Information

DOT (US)	Not dangerous goods
IMDG	Not dangerous goods
IATA	Not dangerous goods

15 - Regulatory Information

Safety, health and environmental regulations specific for the product in question

SARA 302 Components	No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.
SARA 313 Components	No SARA hazards
California Prop. 65 Components	This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive harm.
HMIS Rating	
Health	0
Flammability	1
Physical hazard	0
Personal protection	G
NFPA Rating	

16 - Other Information

SDS Version: 1.0

Revision date: 10/25/18
