

Safety Data Sheet

State of the Art Ingredients * Fast Friendly Service

1 - Identification		
Product name	Coenzyme Q10	
Pharmacopoeia name	Ubidecarenone	
CAS Number	303-98-0	
EINECS Number	206-147-9	
Chemical formula	C59H90O4	
Address	Ingredients To Die For, 11110 Metric Bvd, Ste D, Austin, TX 78758	
Phone	512-535-2711	
Emergency Phone	Chemtrec Emergency Hotline: 800-424-9300 (US and Canada)	

2 - Hazard(s) Identification

Classification of the substance	The product is not classified hazardous according to the Regulation (EC) 1272/2008 and the Council Directives 67/548/EEC and 1999/45/EEC.	
Inhalation	Not a primary route of entry. Mists and vapors may cause dizziness.	
Eye contact	May cause slight irritation. Irrigate the eye with water. Seek medical attention if symptoms persist.	
Skin contact	Not skin irritant.	
Ingestion	No specific hazard known. Coenzyme Q10 can be consumed up to 5-10 mg/d through food products.	

3 - Composition/Information on Ingredients

Composition and Information on Ingredients			
Name	Ubidecarenone		
CAS No.	303-98-0		
EC-No.	206-147-9		
Toxicological data on ingredients	Acute toxicity: LD50>4000 mg/kg [oral, rat]; LD50>8000 mg/kg [oral, dog].		

Safety Data Sheet

State of the Art Ingredients * Fast Friendly Service

	4 - First-Aid Measures
Description of first aid measures	
Eye contact	Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water
	for at least 15 minutes. Get medical attention if irritation occurs.
Skin contact	Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation
	develops.
Serious skin contact	Not available.
Inhalation	If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give
	oxygen. Get medical attention.
Serious inhalation	Not available.
Ingestion	Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to
	an unconscious person. Loosen tight clothing such as a collar, tie, belt, or waistband. Get medical
	attention if symptoms appear.
Serious ingestion	Not available.

5 - Fire-Fighting Measures

Firefighting measures			
Flammability of the product	May be combustible at high temperature		
Auto-ignition temperature	Not available.		
Flash points	Not available.		
Flammable limits	Not available.		
Products of combustion	These products are carbon oxides (CO, CO2).		
Fire hazards in presence of various subst: Slightly flammable to flammable in presence of heat.			
Explosion hazards in presence of various substances			
Risks of explosion of the product in	in Not available.		
presence of mechanical impact	NUT available.		
Risks of explosion of the product in	Not available.		
presence of static discharge	NUT available.		
Firefighting media and instructions			
SMALL FIRE	Use DRY chemical powder.		
LARGE FIRE	Use water spray, fog or foam. Do not use water jet.		

Safety Data Sheet

	State of the Art Ingredients * Fast Friendly Service
Special hazards	As with most organic solids, fire is possible at elevated temperatures. Consider dust explosion
	hazard-formation of acrid smoke and respiratory irritant fumes when heated to decomposition.
Protection of firefighters	Precipitate gases/vapors/mists with water spray.
	6 - Accidental Release Measures

76436 141

Environmental protection

Do not allow to enter drains or waterways. Nontoxic and biodegradable, but very slow biodegradation due to low water solubility. Strong dyeing effect.

Methods for cleaning up

Collect solids (avoid dust formation) and hand over to waste removal.

7 - Handling and Storage

Handling

Technical measures: Processing in closed systems; avoid dust formation; consider dust explosion hazard; take precautionary measures against Suitable materials: Stainless steel, aluminum, glass, polyethylene and enamel.

Storage

Store in tightly closed original container, protected from light, in a dry place at low temperature (<25 C).

Packaging materials: Tightly closing material, stainless steel, aluminum, glass, polyethylene.

8 - Exposure Controls/Personal Protection

Personal protective equipment

Respiratory protection not necessary during normal operations. In case of very high dust concentrations: particle mask or respirator with independent air supply.

Respiratory protection	Required when vapors/aerosols are generated.
Eye protection	Required (safety glasses)
Hand protection	Protective gloves
Remarks	Strong skin discoloration on contact.

Safety Data Sheet

State of the Art Ingredients * Fast Friendly Service

9 - Physical and Chemical Properties

Physical and Chemical Properties	
Melting Point	About 48 C (124 F)
Boiling Point	Not determined.
Vapor Pressure	Not determined.
Vapor Density	Not determined.
Molecular Weight	863.37 g/mole
Particle Size	80 mesh
Density	About 0.5 g/ml
Solubility in water	Insoluble
Appearance & Color	Yellow or orange crystalline powder

10 -	Stab	ilitv	and	Rea	ctivitv

Stability	Stable under the conditions mentioned in section 7.	
Conditions to avoid	Air; light; humidity	
Materials to avoid	Atmospheric oxygen, oxidizing agents, strong acids, strong bases, reducing agents, metal salts, compounds rich in oxygen	
Note	Auto-oxidation in the presence of atmospheric oxygen	

11 - Toxicological Information

Toxicological Information	
Routes of Entry	Ingestion
Toxicity to Animals	Acute toxicity: LD50>4000 mg/kg [oral, rat]; LD50>8000 mg/kg [oral, dog].
Chronic Effects on Humans	There are no indications of significant adverse effects related to CoQ10 in the publicly available literature.
Other Toxic Effects on Humans	There are no indications of significant adverse effects related to CoQ10 in the publicly available literature.
Special Remarks on Toxicity to Animals	Not available.
Special Remarks on Chronic Effects on H	There are no indications of significant adverse effects related to CoQ10 in the publicly available In literature.

Safety Data Sheet

State of the Art Ingredients * Fast Friendly Service

Special Remarks on other Toxic Effects on Humans

Acute Potential Health Effects:

Eyes: May cause eye irritation.

Inhalation: May cause respiratory tract irritation.

Ingestion: There are no indications of significant adverse effects related to CoQ10 in the publicly available literature.

12 - Ecological Information

Biodegradability

Inherently biodegradable

Ecotoxicity

Barely toxic for fish (rainbow trout) NOEL 1000 mg/l

Barely toxic for microorganisms (activated sludge) NOEL (28 days) 30 mg/l (MITI Test II, OECD No. 302C) Not hazardous

Not applicable.

WGK Classification

13 - Disposal Considerations

Waste Disposal

Waste must be disposed of in accordance with national and local environmental control regulations.

14 - Transport Information

Transport Information		
General	Not regarded as hazardous material	
DOT Classification	Not a DOT controlled material (United States)	
IATA Classification	They are considered to be non-dangerous by the 57th IATA Dangerous Goods Regulations and it is not	
	restricted as per Special Provision A3.	
Identification	Not applicable.	

Identification **Special Provisions for Transport**

Safety Data Sheet

State of the Art Ingredients * Fast Friendly Service

15 - Regulatory Information	
Federal and State Regulations	TSCA 8(b) inventory: Ubidecarenone
Other Regulations	EINECS: This product is on the European Inventory of Existing Commercial Chemical Substances.
Other Classifications	
WHMIS (Canada)	Not controlled under WHMIS (Canada).
DSCL (EEC)	This product is not classified according to the EU regulations.
HMIS (USA)	
Health Hazard	1
Fire Hazard	1
Reactivity	0
Personal Protection	E
National Fire Protection Association (USA)	
Health	1
Flammability	1
Reactivity	0
Protective Equipment	Gloves, lab coat, dust respirator (be sure to use an approved/certified respirator or equivalent), safety
	glasses.

16 - Other Information

References Not available.

Other Special Considerations Not available.
